

MOOD

Monitoring Outbreak events or Disease surveillance in a data science context

Project number: 874850

Horizon 2020

SC1-BHC-13-2019

Type of action: RIA

Deliverable D7.1 Project Management Plan

The project management plan describes the main organizational, governance and decision making structure of MOOD, the project communication strategy, deliverables and milestones, document management, reporting and financial management. It also describes the project management process and documentation created and maintained throughout MOOD's duration.

This deliverable aims to provide guidelines and procedures to the consortium members to ensure that the project is delivered according to the Description of Action in the Grant Agreement. More precisely, this plan is based on two key documents: i) the MOOD Consortium Agreement – based on the DESCA – Horizon 2020 model Consortium Agreement (www.DESCA-2020.eu), version 4, as of 11th March 2020, and ii) the MOOD Grant Agreement – GA Number 874850.
