Deliverable D8.4 - Risk assessment measures to prevent stigmatization and misuse of research (M - Requirement No. 4)

The Deliverable 8.4 addresses the requirement Number 4 of the European Commission Ethics Review: “A risk assessment (identifying each of the groups that is at risk of stigmatisation) and details of the measures/safeguards that will be implemented to prevent misuse of research findings must be provided. This must be submitted as a deliverable.”

This deliverable covers the ethics and data protection measures that MOOD will implement to prevent stigmatisation of groups at risk and misuse of research findings.

This deliverable is closely related to all MOOD work packages.
