

MOOD

Monitoring Outbreak events or Disease surveillance in a data science context

Project number: 874850

Horizon 2020

SC1-BHC-13-2019

Type of action: RIA

Deliverable D8.5 - GEN - Requirement No. 5 - MOOD Ethics and Data protection Advisory Board

This deliverable focuses on addressing the requirement Number 5 raised by the European Commission Ethics Review:

“Report of an Ethics and Data Protection Board Instalment with representatives from partners, as well as external advisors specialized in ethics and data protection, including contact details. The Board monitors the ethics and privacy issues raised by the project, ensures the respect of the H2020 ethics principles and the delivery of the ethics deliverables. This must be submitted as a deliverable.

”This is the first deliverable of the Work-package 8 dedicated to ethics and data protection. The Board will provide the oversight to the MOOD ethics and data protection issues, and ensure the 12 ethics deliverables receive the proper level of attention and timely delivery.
